Annexure-X

<u>Comprehensive Abortion Care</u> <u>State Monitoring Format (Quarterly)</u>

Please do not modify/ change (add/ delete columns) the format

Name of State/U.T: Month and Year of reporting:

Number of districts in the State: Reporting period:

Name of State Nodal Officer for MTP activities: Designation and Contact Number: Email-id:

1) District level indicators:

S.No	Indicator	Numbers				
1.	Districts in which					
	Delivery Guidel					
2.	District Level	Districts With DLCs.				
	Committees (DLCs)*	Districts with regular DLC meeting held in the reporting period (at least one meeting/ month)				
3.						
	NGO &	b) Renewal certificates issued in the reporting period				
	Private clinics and hospitals	c) New certificates issued in the reporting period				
	•	d) Number of applications pending with the DLCs for one				
		year (at end of reporting period)				
		e) Number of new applications received in the reporting				
		period				
		f) Number of applications out of the new applications (e)				
		pending with the DLCs at the end of the reporting				
		period**				

- Is MVA equipment being procured and supplied? (Y/N).....
- Are the drugs for MMA included in the essential drug list? (Y/N)...
 - * As per MTP Act, Rules and Regulations 2002-2003
- **Applications on which no action has been taken (as per MTP Rules).

2) Capacity building:

S. No	Indicator						
1	Training						
	sites	District Hospitals conducting training					
		Any other facilities including private hospitals /NGO hospitals conducting training					
2	Training	Training Load (Cumulative since April 2005)					
		MOs trained (Cumulative since April 2005)					
		MOs trained in the reporting period					
		Target for current year (EVA,MVA and MMA)					
3	Master trainers trained (Cumulative since April 2005)						
4	ANMs and Staff Nurses trained to provide confidential counselling for MTP and postabortion care. (Cumulative since April 2005)						
5.	ANMs, and Staff Nurses trained to provide confidential counselling for MTP and post- abortion care in the reporting period						
6.	ASHAs and other field functionaries trained to provide confidential counselling for MTP and post-abortion care. (Cumulative since April 2005)						
7.	ASHAs and other field functionaries trained to provide confidential counselling for MTP and post-abortion care in the reporting period						

3) IEC/BCC: Does the state have an IEC/BCC plan for the following:

S.No	Subject	Please specify frequency of IEC/BCC activities				
1.	On the legality of MTP.	Print:				
		Audio:				
		Video:				
		Any other (specify):				
2.	On sex determination preceding MTP as an	Print:				
	offence.	Audio:				
		Video:				
		Any other(specify):				
3.	On mandatory requirements for approval of	Print:				
	private/NGO service delivery sites.	Audio:				
		Video:				
		Any other (specify):				
4.	On MTP service availability at nearest	Print:				
	facility in public and private sector.	Audio:				
		Video:				
		Any other (specify):				

4) Supportive Supervision:

S.No	Indicator	Remarks					
1	What is the supportive supervision/monitoring mechanism for post						
	training follow up and quality of MTP service delivery?						
2	If there is no mechanism, what is the state's plan for 1) and the						
	proposed timeline?						

5) Biomedical Waste Management:

- What is the mechanism of disposal of products of conception?
- Whether implemented in all the districts? (Y/N)

6) Service Availability and Service Utilisation:

	Availability						Utilisation				
	Number of facilities						Number of MTPs				
								performed in the reporting			
									quarter		
	Total Health facilities in the State	With MTP Drugs*	With MTP Equipments*	With Trained providers (MTP)	Having all three (MTP) - drugs, equipment and trained provider.	Institutions providing MTP services	Providing MTPs up to 8 weeks only	Providing MTPs up to 12 weeks only	Providing CAC services (both < 12 weeks and >12 weeks: i.e up to 20 weeks)- EVA/MVA/ MMA	Up to 12 weeks	12 -20 weeks
